1. Extension: Télécharger et installer l'extension de navigateur.

a) Télécharger l'extension.

This browser extension does one thing: it manages accounts and allows the signing of transactions with those accounts. It does not inject providers for use by dapps at this early point, nor does it perform wallet functions, e.g send funds.

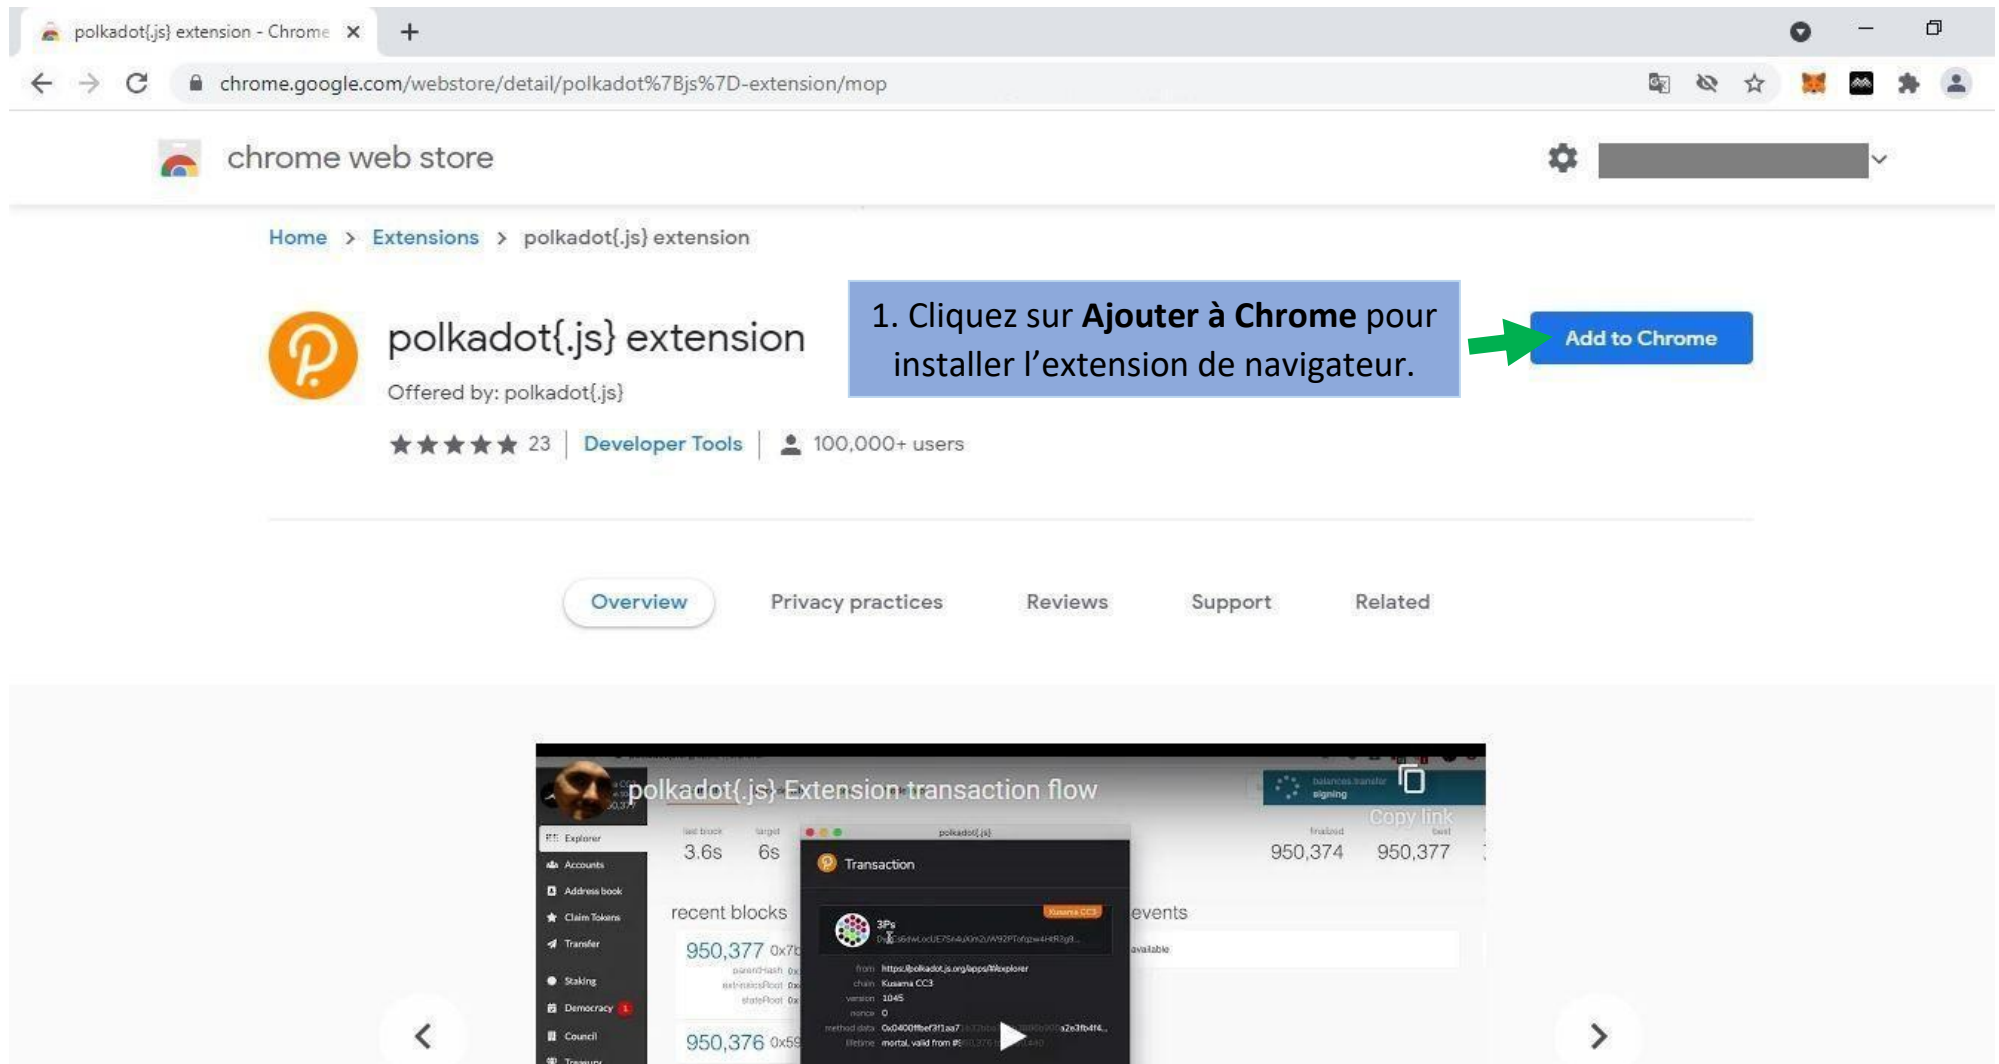

2. Cliquez sur **Télécharger pour Chrome.**

 **Download for Chrome**

 **Download for Firefox**

b) Installer l'extension.
