

[PARTIE 0: POLKADOT-JS \(Configuration du portefeuille\)](#)

1. Extension: Télécharger et installer l'extension de navigateur.

This browser extension does one thing: it manages accounts and allows the signing of transactions with those accounts. It does not inject providers for use by dapps at this early point, nor does it perform wallet functions, e.g send funds.

2. Cliquez sur **Télécharger pour Chrome.**

GUIDE DE POLKADOT-JS – Partie 0: Polkadot-JS (Configuration du portefeuille)

Version 1.1

The screenshot shows the Chrome Web Store page for the 'polkadot{.js} extension'. The page header includes the Chrome Web Store logo and navigation links: Home > Extensions > polkadot{.js} extension. The extension's details are displayed, including its icon (an orange circle with a white 'P'), the name 'polkadot{.js} extension', the developer 'polkadot{.js}', a rating of 23 stars, the category 'Developer Tools', and '100,000+ users'. Below this, there are tabs for 'Overview', 'Privacy practices', and 'Reviews'. A grid of recommended extensions is visible at the bottom, including 'WAExpresso - WhatsApp...', 'Message deleter for Slack', and 'Instagram With...'. An 'Add Account' overlay is positioned on the right side of the page. It features a blue header with the text 'Add Account' and a plus icon. A blue box contains the instruction '4. Cliquez sur + pour créer votre premier compte.' A green arrow points to a plus sign inside a circular profile picture placeholder. Below the placeholder, the text reads: 'You currently don't have any accounts. Create your first account to get started.'

GUIDE DE POLKADOT-JS – Partie 0: Polkadot-JS (Configuration du portefeuille)

Version 1.1

The screenshot shows the Chrome Web Store page for the 'polkadot{.js} extension'. The page title is 'polkadot{.js} extension' and it is offered by 'polkadot{.js}'. A yellow callout box is overlaid on the page with the following text:

Ne stockez JAMAIS votre phrase mnémotechnique/seed dans un(e) téléphone/tablette/ordinateur portable/PC !

Ecrivez-la dans un cahier ou un agenda et gardez-la en privé.

Below this, a blue callout box contains the text:

5. Assurez-vous de **bien noter votre phrase mnémotechnique** et cochez la case.

The account creation overlay is titled 'Create an account 1/2' and includes a 'Cancel' button. It displays a wallet icon, the name '<unknown>', and a public address: 'GvcruVbk41C3wzCY7zVxH7rDJaWaTeN2wR5Cji4TEtaUHG1'. Below this, it shows the 'GENERATED 12-WORD MNEMONIC SEED':

promote fetch hamster sweet enough broccoli total bounce rival
repeat above warfare

A 'Copy to clipboard' button is available. A warning message states: 'Please write down your wallet's mnemonic seed and keep it in a safe place. The mnemonic can be used to restore your wallet. Keep it carefully to not lose your assets.'

At the bottom, there is a checkbox labeled 'I have saved my mnemonic seed safely.' which is currently unchecked. A green arrow points to this checkbox from the blue callout box. A 'Next step' button is at the bottom right of the overlay.

GUIDE DE POLKADOT-JS – Partie 0: Polkadot-JS (Configuration du portefeuille)

Version 1.1

The screenshot shows the Chrome Web Store page for the 'polkadot{.js} extension'. The page displays the extension's logo, name, and developer information. A modal window titled 'Create an account 1/2' is overlaid on the right side of the page. The modal contains a Polkadot logo, a placeholder for a name, a generated 12-word mnemonic seed, and a 'Next step' button circled in green.

GUIDE DE POLKADOT-JS – Partie 0: Polkadot-JS (Configuration du portefeuille)

Version 1.1

The screenshot shows the Polkadot.js extension interface in a browser. The main header displays the Polkadot logo and the text "Polkadot{.js}". Below the header, there are two main panels: "Authorize" and "Add Account". The "Authorize" panel shows a warning message about an application requesting access. The "Add Account" panel shows a large plus sign and the text "You currently don't have any accounts. Create your first account to get started.".

On the right side, there is an "Accounts" panel. It shows a list of accounts, with the first one being "Lala" with the address "HEjiAtKMqsi85R1LJ3qkxKjAZ". Below the accounts list, there is a settings menu. A green arrow points to the "THEME" section of the settings menu, which has two options: "Light" and "Dark". The "Dark" option is currently selected.

At the bottom of the interface, there are two orange buttons: "Download for Chrome" and "Download for Firefox".

2. Faites glisser le bouton "Theme" pour utiliser le mode Clair/Sombre.

This browser extension does one thing: it manages accounts and accounts. It does not inject providers for use by dapps at this send funds.

3. Votre extension Polkadot-JS utilise maintenant le mode Sombre!

4. Cliquez sur **Gérer les autorisations d'accès** pour voir les connexions tierces.

The screenshot displays the Polkadot-JS extension interface in a browser. The main window shows the 'Accounts' section with a list of accounts, including 'Lala' with address 'HEjiAtKMqsi85R1Lj3qkxKjAZ'. A settings menu is open, showing options for 'THEME' (Light/Dark), 'Manage Website Access', 'EXTERNAL ACCOUNTS AND ACCESS' (Allow QR Camera Access), 'DISPLAY ADDRESS FORMAT FOR' (Substrate), and 'LANGUAGE' (English). A green arrow points to the 'Manage Website Access' option. In the background, the 'Authorize' dialog is visible, showing a warning about access from 'https://dfs.io/ions/dotapes.io/'. Below the main interface, there are buttons for 'Download for Chrome' and 'Download for Firefox'.

This browser extension does one thing: it manages accounts and accounts. It does not inject providers for use by dapps at this send funds.

GUIDE DE POLKADOT-JS – Partie 0: Polkadot-JS (Configuration du portefeuille)

Version 1.1

The screenshot displays the Polkadot-JS extension interface in a web browser. The browser's address bar shows the URL `polkadot.js.org/extension/`. The interface is divided into two main panels: "Authorize" and "Add Account".

The "Authorize" panel contains a warning message: "An application, self-identifying as `polkadot-js-apps` is requesting access from `https://pjs.io/pjs/dotapps.io/`". It includes a note: "Only approve this request if you trust the application. Approving gives the application access to the addresses of your accounts." There are two buttons: "Yes, allow this application access" (orange) and "Reject" (red text).

The "Add Account" panel features a large circular icon with a plus sign and the text: "You currently don't have any accounts. Create your first account to get started."

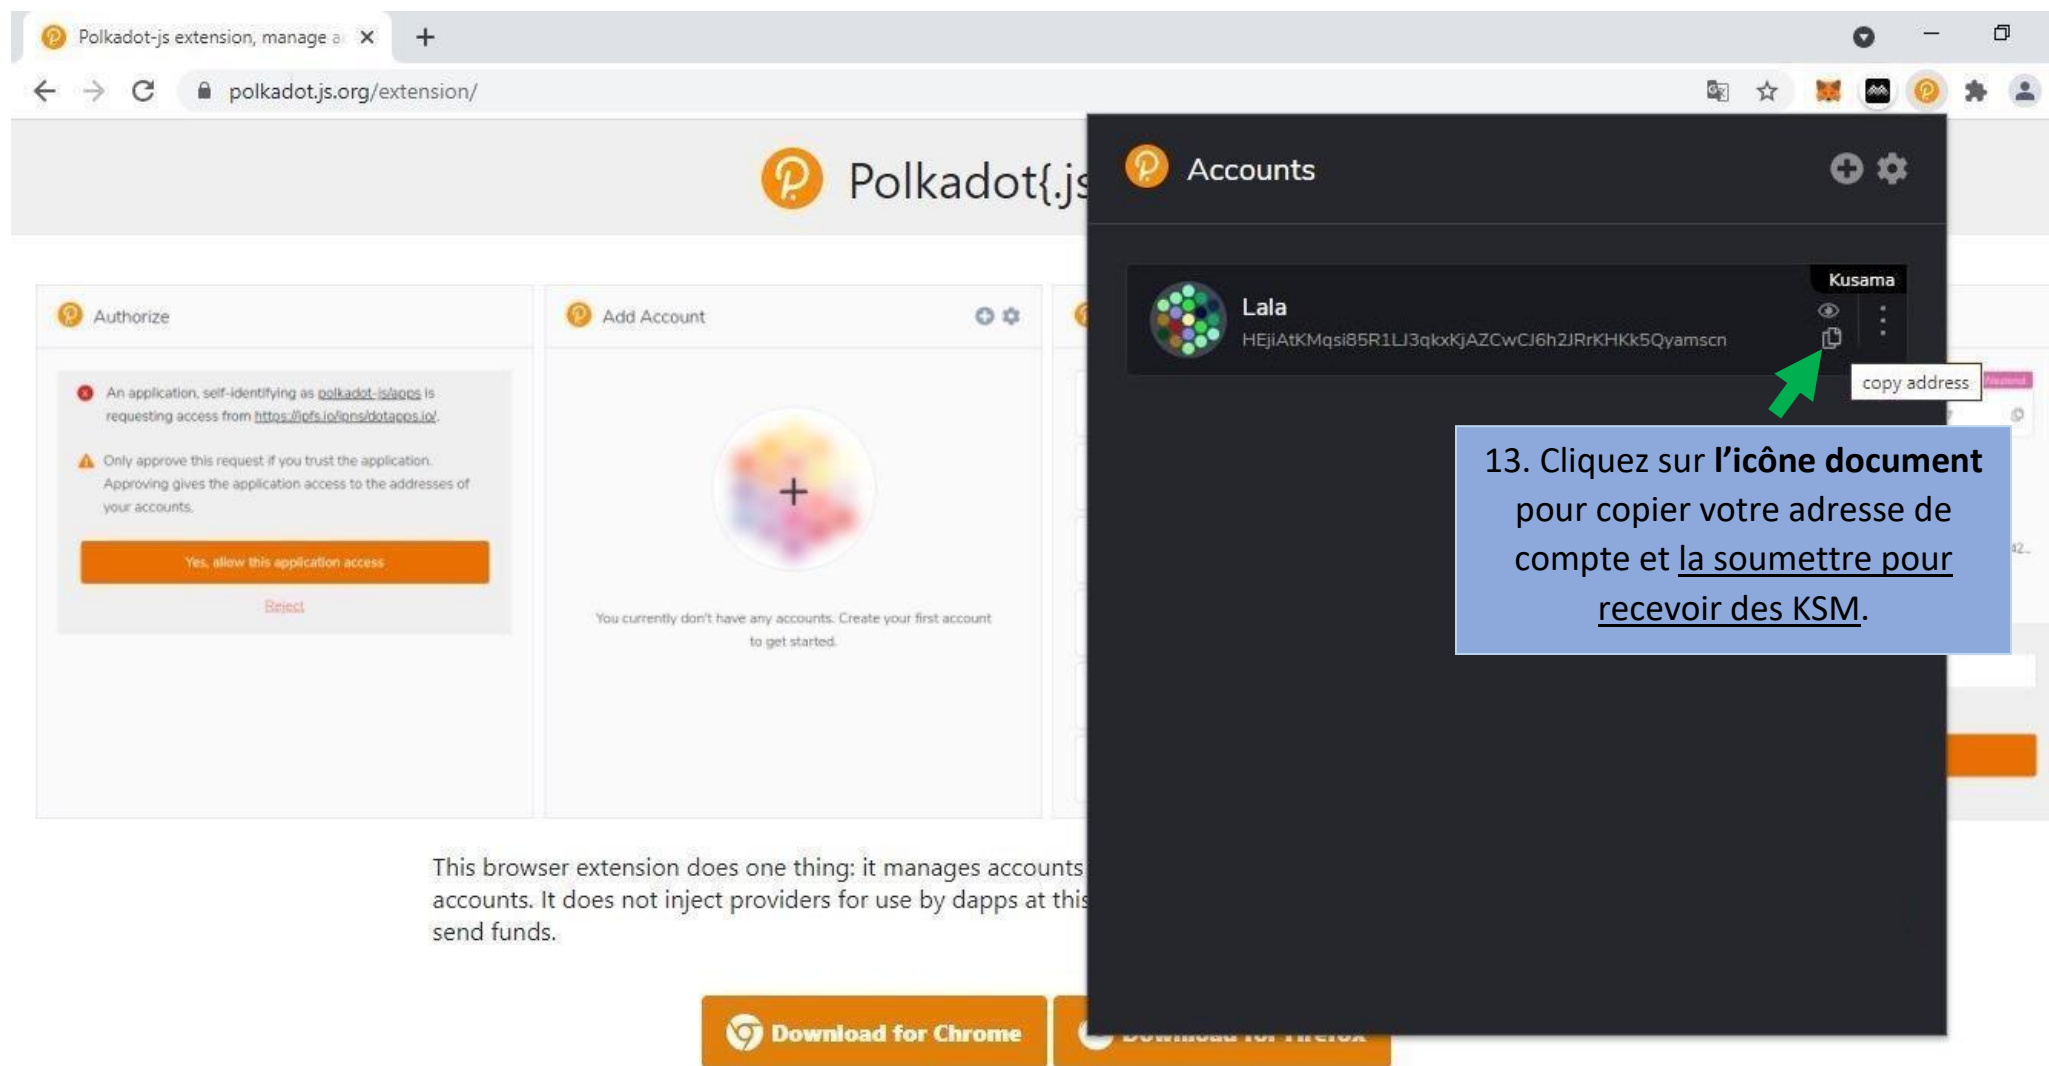

A dark overlay window is positioned on the right side of the screen. At the top, a blue box contains the text: "12. Votre compte est maintenant invisible et n'apparaîtra pas sur *Polkadot-JS Apps*!". Below this, the overlay shows a user profile for "Lala" with the address `HEjiAtKMqsi85R1LJ3qkxKJAZCwCJ6h2JRrKHKk5Qyamscn`. A green square highlights a red "X" icon next to the name "Lala", indicating that the account is hidden. The overlay also shows the "Kusama" network selected.

Below the interface panels, there is a text block: "This browser extension does one thing: it manages accounts... It does not inject providers for use by dapps at this... send funds."

At the bottom, there are two orange buttons: "Download for Chrome" and "Download for Firefox".

GUIDE DE POLKADOT-JS – Partie 0: Polkadot-JS (Configuration du portefeuille)

Version 1.1

The screenshot shows the Polkadot.js extension interface. The main panel is titled 'Accounts' and displays a list of accounts. The first account is 'Lala' with the address 'HEjiAtKMqsi85R1Lj3qkxKjAZCwCj6h2JRrKHKk5Qyamscn'. A green arrow points to the 'copy address' button next to the address. A blue text box with white text is overlaid on the right side of the interface, containing the instruction: '13. Cliquez sur l'icône document pour copier votre adresse de compte et la soumettre pour recevoir des KSM.' Below the 'Accounts' panel, there is a section titled 'Authorize' and 'Add Account'. The 'Authorize' section shows a warning message: 'An application, self-identifying as polkadot-js@polkadot-js.org is requesting access from https://pjs.io/ions/dotapi.io/'. The 'Add Account' section shows a message: 'You currently don't have any accounts. Create your first account to get started.' At the bottom of the interface, there are two buttons: 'Download for Chrome' and 'Download for Firefox'.

13. Cliquez sur l'icône document pour copier votre adresse de compte et la soumettre pour recevoir des KSM.
